

Bio Basic Inc.

A world leader in serving science

## CERTIFICATE OF ANALYSIS

|              |                                                   |
|--------------|---------------------------------------------------|
| Product      | 2'-Deoxyguanosine-5'-Triphosphate, Trisodium Salt |
| Grade        | Biotech                                           |
| Product Code | DD0046G                                           |
| Formula      | $C_{10}H_{12}N_5O_7P_3Na_3$                       |
| MW           | 572.2                                             |
| CAS#         | 93919-41-6                                        |
| Lot No       |                                                   |

| Test Items           | Specifications           | Results |
|----------------------|--------------------------|---------|
| Appearance           | White powder             |         |
| Purity               | Approx.98% by HPLC       |         |
| Solubility (50mg/ml) | Clear colorless solution |         |
| Water content (K.F.) | ≤13.0%                   |         |

Storage: -20°C
